

PALS Update Course Learning Objectives

1. Identify the scientific basis for PALS treatment recommendations based on the current science guidelines.
2. Perform prompt, high-quality BLS, including prioritizing early chest compressions and integrating early AED use.
3. Apply the BLS, Primary, and Secondary Assessment sequence for a systematic approach to the evaluation of pediatric emergencies.
4. Model effective communication as a member of a high performance team.
5. Recognize the impact of team dynamic on overall team performance.
6. Perform early management of cardiac arrest until termination of resuscitation or transfer of care, including immediate post-cardiac arrest care.
7. Demonstrate team member behaviors during management of PALS core cases.
