

Fetal Care Center Study

Want to share your experience?

Researchers want to learn how to best measure the quality of care at fetal care centers.

What will participants be asked to do?

Volunteers will take two short surveys online.

Who can join?

Anyone over the age of 18 who received prenatal care for a fetal condition at a fetal care center in the last 1 - 5 years. Check out our study website for a list of sites that qualify!

*This study is endorsed by:
The North American Fetal Therapy Network
The Fetal Therapy Nurse Network
The Fetal Health Foundation*
